SHACKLETON, Michelle

In 1997 my family eagerly left Perth to spend the rest of our lives in Abbey. With a keen interest in Council, I am well-versed on most issues and enthusiastic to learn more. I have the ability to bring a fresh approach to Council through my extensive experience as a public relations and marketing professional for community-based organisations. Greater diversity in Council is needed to work through these difficult times, and I can offer my services on a full-time basis to bring greater focus on financial management, transparency and communication in order to increase community cohesion. Please vote for me to protect our natural resources and lifestyle, working for changes to benefit everyone who chooses to live within this wonderful region.
