	Ms. Peta Tuck	Events Co-ordinator, City of Busselton
	Ms. Maxine Palmer	Manager, Community Services, City of Busselton
Guests:	Nil.	

APOLOGIES

Cr. Kylie Kennaugh	Shire of Augusta Margaret River
Tony Brown	WA Local Government Association (WALGA)

2. CONFIRMATION OF MINUTES AND TERMS OF REFERENCE

2.1 Minutes of the meeting of CapeROC 9th August, 2019

RECOMMENDATION: That the minutes of the meeting of the Capes Region Organisation of Councils held 9th August, 2019 be confirmed as a true and correct record.

CAPEROC DECISION:

Moved Cr. Kelly Hick **Seconded** Cr. Ian Earl

That the minutes of the meeting of the Capes Region Organisation of Councils held 9th August, 2019 be confirmed as a true and correct record. **CARRIED UNANIMOUSLY**

2.2 Terms of Reference (copy provided with this Agenda)

RECOMMENDATION: That the Capes Region Organisation of Councils Terms of Reference be noted.

CAPEROC DECISION:

Moved Cr. Ian Earl **Seconded** Cr. Kelly Hick

That the Capes Region Organisation of Councils Terms of Reference be noted. **CARRIED UNANIMOUSLY**

3. PRESENTATIONS/GUESTS

3.1 WALGA Representative

Incoming email correspondence received from WALGA confirming Tony Brown will represent WALGA at CapeROC meetings. Tony is however unable to attend this meeting. Members noted this information.

4. BUSINESS ARISING FROM PREVIOUS MEETINGS

ACTION ITEMS			
Item	Responsible Officers	Timeframe	Progress
4.1 Cape Region Tourist Directional Signage Strategy	Jennifer May, COB David Nicholson SAMR	To be determined	Jennifer May provided members with a brief overview of the outcomes resolved at the last meeting on 9 th August, 2019 that included support for the trial to implement the proposed tourism directional signage at the intersection of Bussell Highway and Metricup Road that includes removing existing signage and including layby signage on Metricup Road. Jennifer advised officers are reviewing resourcing to implement this initiative.
4.2 Regional Trails Strategy	David Nicholson (SAMR)	December 2019	David Nicholson advised the consultant is currently preparing a draft report, which is now scheduled for completion in December. The intent is to present the

			report to the first CapeROC meeting in 2020.

5. GENERAL UPDATES

5.1 Joint Public Health Plan Expenditure Update

RESPONSIBLE OFFICER	Tanya Gillett - Manager Environmental Services and Jane Cook – Environmental Health Coordinator, (CoB) Chris McAtee – Coordinator Environmental Health and Events, (SAMR)
ATTACHMENTS:	<ol style="list-style-type: none"> 1. Collation of Data of Health Status and Determinants of the City of Busselton. 2. Collation of Data of Health Status and Determinants of the Shire of Augusta Margaret River.

IN BRIEF

In August 2018 CapeROC resolved to allocate an amount of \$18,300 toward contextual planning and the epidemiological data analysis requirements for Local Public Health Plans.

As requested by CapeROC a Terms of Reference (TOR) for co-operation between the Local Governments on how this funding would be allocated was finalised in February 2019. A Request for Quote (RFQ) process was used to secure a suitably qualified consultant and Melissa Stoneham and Associates was appointed to carry out the work in April 2019.

The work was completed in June 2019 and separate reports were provided to AMRSC and COB which identify the priority public health risks to be considered in the Local Public Health Plans.

BACKGROUND

As a result of the CapeROC funding allocation, Officers collaborated to form a TOR called the Public Health Planning Partnership.

The TOR described how the Cape Roc Funding would be jointly shared and that a suitably qualified consultant would be engaged to assist with ‘Determining health status and health determinants of the Local Government.’ This work is the first step in the public health plan development process with the other steps outlined below -

1. Determining health status and health determinants of the Local Government;
2. Establishing objectives and policy priorities for the plan;
3. Developing an action plan on how the objectives will be met;
4. Identifying key partnerships and how the local government will work with agencies, and stakeholders to achieve the objectives;
5. Identifying a framework to assess the public health risks and determine what will be included in the plan;
6. Identifying how the Local Government will report on the implementation of the plan; and

7. Identifying a process for review and amendment of the plan.

Following acceptance by both local governments of the TOR, the COB in consultation with AMRSC conducted a Request For Quote (RFQ) process to appoint a suitably qualified consultant to carry out the required health status work. The preferred consultant, Melissa Stoneham and Associates was appointed in April 2019 and the work was completed in June 2019.

This work included gathering data from local, state and federal agencies for each local government. The consultant then examined demographics, the incidence of disease and other health indicators and risk factors with consideration given to the social determinants of health.

The data was analysed and values were compared with state and national averages. A report for each community was compiled, summarising the findings of the data and statistics and outlining the potential public health priorities for each local government.

The main public health priorities identified for both the COB and AMRSC included –

- Aging population
- Road safety
- Suicide and mental health
- Physical activity rates
- Environmental health protection
- Smoking
- Vaccination
- Alcohol consumption
- Fruit and vegetable consumption
- Overweight and Obesity
- Injury prevention
- Climate change Mitigation
- Skin Cancer Prevention
- Access to Health Services.

The COB and AMRSC have accepted the content of the reports and have now each commenced the Public Health Plan development process.

COMMENT

The funding allocation was \$18,300 of which \$16,800 was spent and used effectively on a joint basis to complete the initial research and data analysis required as part of the Local Public Health Plan process. This money has now been spent and the acquittal process is completed.

Please note the Shire of Nannup indicated their interest during the planning process and indicated they will be using the same method for the development of their plan. There is an informal agreement between the City/Shires to share the information and the work that has been completed.

DISCUSSION

Jane Cook and Chris McAtee provided a verbal update on the status of the project from each Council.

Cr. Hick asked what groups were represented during the workshop that Chris talked about. Chris advised attendance was diverse and extensive and included a lot of different Public health organisations from the Heart foundation, local GP's to ECU. A lot came from Perth for the day. Chris undertook to share the list of stakeholders. Chris advised that the project was a priority within the Shire's strategic plan.

Jane advised that the City's timeframe is a little longer than the Shire. An internal project team has been working on this for 12 months. The Team is looking at two step engagement process and then a further

engagement process at the completion of the draft public health plan. It is anticipated having a draft at the end of next year 2020 and finalised in 2021.

RECOMMENDATION

That CapeROC:

1. Acknowledges the expenditure of \$16,800 has been spent and the acquittal process is completed; and
2. Receives the 'Health Status Reports' for both AMRSC and COB as attached.

CAPEROC DECISION:

Moved Cr. Kelly Hick **Seconded** Cr Ian Earl

That CapeROC acknowledges the expenditure of \$16,800 has been spent and the acquittal process is completed; and receives the 'Health Status Reports' for both AMRSC and COB as attached to the Agenda.

CARRIED UNANIMOUSLY

5.2 Rails to Trails – Wadandi Project

RESPONSIBLE OFFICER	Director Engineering and Works Services – Oliver Darby CoB Engineering Management Account - Stephen Wesley CoB Manager Asset Services - David Nicholson, SAMR
ATTACHMENTS:	Nil.
PRESENTATION:	A presentation was given via PowerPoint

IN BRIEF

Each year, the City of Busselton Shire of Augusta-Margaret River allocate \$100,000 and \$50,000 respectively towards the Wadandi Track (Rail Trail) project.

David Nicholson and Stephen Wesley gave a PowerPoint presentation providing an update on the project comprising a brief history, progress to date, planned future works and external funding challenges.

BACKGROUND

An overview of the project is provided in the PowerPoint presentation. The Trail Development Plan can be provided to any interested party upon request.

DISCUSSION

The popularity of the sport was acknowledged. Funding opportunities were discussed including philanthropy, Federal funding, Lotteries.

RECOMMENDATION

That CapeROC notes the information.

CAPEROC DECISION:

Moved Cr. Ian Earl **Seconded** Cr. Paula Cristoffanini

That CapeROC notes the information.

CARRIED UNANIMOUSLY

5.3 My Community Directory

RESPONSIBLE OFFICER	Naomi Davey, Community Development Officer, CoB Stacey Hutt, Community & Corporate Planner, SAMR Jason Cleary, SAMR
ATTACHMENTS	Nil
PRESENTATION	On-Line Viewing of the 'My Community Directory'

IN BRIEF

The 'My Community Directory' is a comprehensive one stop shop for community information that is accessed by the public, community sector, local governments, and other government agencies. It is free to use to access information and free to list any community service or activity that is free, funded, or subsidised. The Directory was shown online to Members.

BACKGROUND

Funding for the Directory was approved at the 9 August 2019 CapeROC meeting.

COMMENT

The City of Busselton (City) and Shire of Augusta Margaret River (Shire) have been progressing the implementation of the My Community Directory with the intended launch dates being Wednesday 27 November 2019 at the Shire and Thursday 28 November 2019 at the City. Marketing and promotion of the directory will include:

- Shire to host a Community Leaders Forum Thursday 28 November 2019 to celebrate the launch and discuss future actions;
- A series of A3 poster stands with business cards, to be positioned in community spaces throughout the Shire district. Four weeks advertising scheduled for local newspapers from 29 November. Media release / radio interview 2 Oceans FM on 27 November 2019. City purchasing promotional pens and notebooks with details of website;
- Four community groups have signed on as "Community Champions" for the project to support its promotion in the community; this includes Augusta Community Resource Centre (Augusta Directory), Rotary Margaret River (Rotary Directory), Margaret River Community Centre, and Transition Margaret River;
- City staff working with community organisations, groups and service providers to create an online community directory that can be printed and distributed or access via the app;
- Working with Augusta Directory and Rotary Directory to deliver a data-share for their 2020 directories, and reciprocal advertising to reinforce the partnership;
- Regular liaison with the Augusta Margaret River Community Mental Health and Wellbeing Alliance, Vasse Human Service Alliance and Capes Early Years Network;
- Data compiled of all known community groups and health services is 70% complete and submitted to My Community Directory who are data-checking. Remaining 30% to be completed this week.

RECOMMENDATION

That CapeROC notes the 'My Community Directory' project update.

CAPEROC DECISION:

Moved Cr. Kelly Hick **Seconded** Cr. Ian Earl

That CapeROC notes the 'My Community Directory' project update.

CARRIED UNANIMOUSLY

5.4 CapeROC Budget Update

RESPONSIBLE OFFICER	Julie Rawlings, Strategic Projects/Grants Officer, CoB Megan Smith, EA to CEO, SAMR
ATTACHMENTS:	Nil.

IN BRIEF

In 2019-2020, the Shire of Augusta Margaret River and the City of Busselton have allocated up to \$40,000 of their respective budgets (up to \$80,000 in total) towards CapeROC approved regional economic development initiatives. This report provides an update on financial activities for the 2019-2020 financial year.

Table 1.

PROPOSED 2019/20 CapeROC Projects	In principle Allocation \$80,000	Expenditure (AMR) \$40,000	Expenditure (BSN) \$40,000	Total Expenditure \$		Comments

RECOMMENDATION

That CapeROC notes the current status of the CapeROC 2019-2020 budget.

CAPEROC DECISION:**Moved** Cr. Kelly Hick **Seconded** Cr. Ian Earl

That CapeROC notes the current status of the CapeROC 2019-2020 budget.

CARRIED UNANIMOUSLY**6.0 REPORTS****6.1 Plastic Free Event Guidelines**

RESPONSIBLE OFFICER	Peta Tuck, Events Coordinator, CoB Chris McAtee, Co-ordinator Environmental Health and Events, SAMR
ATTACHMENTS:	Nil.

IN BRIEF

It has been identified that there is a growing need for a unified position between both Councils regarding event waste and sustainability. While 'plastic free' is a good start, there are many other areas that contribute to the environmental footprint of an event.

BACKGROUND

There are more than 250 event applications processed and held in the Capes region each year. Of these, there are several events which cross boundaries between both local government areas, either as a moving event (ie cycle events), or multiple fixed site events (ie Gourmet Escape, Cabin Fever). The growth in the number of events annually combined with a global desire to reduce the environmental footprint of events, has led to a need for a unified approach to event sustainability.

Consultation has taken place between the Shire of Augusta Margaret River and City of Busselton, with an agreement reached that a collaborative approach is important to ensure that a consistent message is put forward.

COMMENT

To that effect, it is recommended that both the Shire and City undertake the following:

1. Production of a sustainable events guide, to distribute to event organisers. This guide will cover the following areas:
 - i. Pre event planning and communications - including marketing of the event
 - ii. Waste management – including reduction of single use items, implementation of 3 bin system, food providers using compostable packaging, ban of balloons and confetti
 - iii. Water stations – encourage BYO drink bottles
 - iv. Green transport – encourage walk/cycle initiatives, public transport where available, car pooling
 - v. Care of our spaces and places – leave no trace
 - vi. Information on where to source products and infrastructure to assist with waste reduction initiatives, with preference on local suppliers where possible

2. Inclusion of environmental conditions in sponsorship funding agreements with key events. Dependant on the level of funding, events will be expected to comply with a minimum number of items from the guide.

Acknowledging that there are sometimes financial or resourcing barriers that inhibit or deter event organisers from seeking green alternatives when planning their event, more generally there is a broad level of community expectation and desire to see waste reduction initiatives implemented where possible. This has resulted in many events already seeking advice on ways to reduce their environmental footprint. Such measures need to be balanced to ensure they are both practical and financially viable. It is recommended that a staged approach is applied, with a view to full compliance within two years. Investment in infrastructure such as portable bike racks and water refill stations are practical ways to assist events towards event sustainability.

In achieving this, appropriate processes and resources need to be in place to support the recommendations being made. While the Shire of Augusta Margaret River has full roll-out of Food Organics, Garden Organics (FOGO) service, Busselton is still in a trial phase with FOGO in one suburb. Once full use of FOGO services is implemented throughout the City of Busselton, it will become much easier to encourage events to implement collection of organic waste.

The Shire of Augusta Margaret River have already produced a *Sustainable Events Information Sheet*, outlining some of the key areas to address when planning an event. Officers of the City of Busselton are currently drafting guidelines. Once completed, these guides will be cross referenced with each other to ensure the message is consistent.

DISCUSSION

Cr. Hick suggested acknowledging good events/event co-ordinators through a type of accreditation process. Chris advised that the SAMR did have the ability for accreditation. Cr. Cristoffanini suggested that sustainability activities being undertaken by event organisers would become a marketing opportunity for the events. Cr Earl suggested education would be more beneficial than restriction. Cr. Earl also advised that the SAMR has a 61% diversion rate on FOGO with only a 3% contamination rate.

RECOMMENDATION

That CapeROC notes the report.

CAPEROC DECISION:	
Moved Cr. Ian Earl Seconded Cr. Paula Cristoffanini	
That CapeROC notes the report.	CARRIED UNANIMOUSLY

6.2 CapeROC Meeting Dates 2020

RESPONSIBLE OFFICER	Julie Rawlings (CoB), Megan Smith (SAMR)
ATTACHMENTS:	Nil.

IN BRIEF

Meetings of CapeROC are held on a quarterly basis, generally held on a Friday morning in the months of February, May, August and November. Currently, meetings are scheduled to commence at 10.00am with business concluding prior to a member's lunch.

It is proposed that meetings be held on the first Friday for the months of February, May, August and November as below:

7 February 2020 – Busselton
1 May 2020 – Busselton
7 August 2020 – Augusta Margaret River
6 November 2020 – Augusta Margaret River

An alternative was considered for the third Wednesday of the following months:

19 February 2020 – Busselton
20 May 2020 – Busselton
19 August 2020 – Augusta Margaret River
18 November 2020 – Augusta Margaret River

RECOMMENDATION

That CapeROC consider the above and adopt meeting dates for 2020.

CAPEROC DECISION:

Moved Cr. Paula Cristoffanini **Seconded** Cr. Kelly Hick

That CapeROC for 2020 will commence at 9.30am with a morning tea and networking opportunity with a 10am start to the meeting, on the following dates:

- 19 February 2020 – Busselton
- 20 May 2020 – Busselton
- 19 August 2020 – Augusta Margaret River
- 18 November 2020 – Augusta Margaret River

CARRIED UNANIMOUSLY

7. GENERAL DISCUSSION ITEMS**7.1 Regional Business/Tourism Attraction – Ms. Addison-Brown and Ms. Maxine Palmer**

With the announcement of regular passenger flights between Busselton and Melbourne, commencing in March 2020 and the potential for an elevated level of interest in the area CapeROC could consider the opportunities this represents including working with the South West Development Commission to attract conferences and other business and/or tourism to the area.

DISCUSSION

Cr. Henley advised there is an opportunity to have a joint approach to attraction of conferences etc., but he believed it would be very difficult to implement. Ms Addison Brown suggested looking at existing events and local industries and identify champions to assist with bringing conferences etc., into the area. Cr. Earl asked

what support is needed from the SAMR to assist with the Airport. Mr Archer advised that the City will provide a briefing on the Airport to the next CapeROC meeting for discussion.

8. NEXT MEETING

Wednesday 19th February, 2020 at the City of Busselton

9. CLOSURE

The meeting closed at 12.25pm.
